

Mountain Club Pickleball

As some of our community members know, Mountain Club has a Pickleball Club! Although many of us play indoors more often, playing outdoors has its charms, the beautiful weather, the wildlife and the fun of seeing neighbors pass by and chat or join in! If you are interested in getting games together in the Mountain Club, we will be using a phone app called Team Snap.

You can access it on a desktop computer, apple or android, and the logo looks like this: Our team name is MCPB and if you are invited by Gerry Hudson you can then sign up. You send your name and email to Gerry Hudson gkhudson1320@gmail.com and he will issue an invitation to you to join. You make sure your notifications are turned on on your phone settings, as subtle or loud as you want, so you can see if a new game is posted under "Messages" and reply to join in. Or post your own! We are no longer on a set schedule, so anything goes! If you want to join the club and have access to the club net and balls, it is 20\$ per family unit to sign up. Gerry takes care of that as well, and one of us (Gerry or Elaine) will meet you to sign the liability and membership forms. If you want to learn to play, let Elaine know.

We would love to see our court get more play and enjoy it more often, so we hope you will join in the fun!
